The following is a summary of Martingrove’s Covid-19 Return to Baseball Protocol which will be consistent with the protocol for all baseball organizations across the City under the Toronto Baseball Association (“TBA”). Please note that this is only a summary of the precautions and protocols – the full details of which can be found at: <https://covid-19.ontario.ca/self-assessment> and www.BaseballOntario.com. These website should be reviewed prior to and as part of your decision to sign this Waiver.

Returning to baseball activities is NOT mandatory – each Participant and their family must assess and decide for themselves whether it is appropriate to return to baseball activities.

When determining if it is appropriate to return to baseball activities, it is important to note that insurance coverage **WILL NOT** be provided by the Ontario Baseball Association (“OBA”) insurers, the TBA, the Etobicoke Baseball Association (“EBA”) or any member organizations, including Martingrove for claims relating to communicable diseases or pandemics, including Covid-19. While Martingrove will have its normal policy of insurance in place (through the OBA) that policy providing coverage for all baseball activities will contain specific Covid-19 pandemic exclusions.

Notwithstanding these exclusions, the health and welfare of Martingrove’s players and their families as well as all players, coaches, assistant coaches, umpires, parents of other players and Martingrove’s executive, volunteers, and the surrounding community is our priority. As such, we are following all provincial and municipal guidelines as well as taking additional precautionary measures during any person to person interactions.

Martingrove is therefore asking for your support of the following guidelines as part of our return to baseball (the “Guidelines”):

- All Participants will not be permitted to enter the field until the previous team has vacated the field and/or they are directed to do so by their Coach.
- All Participants will be required to leave the field immediately after any practice or game.
- All Participants are required to disinfect their equipment after each event.
